

A Higher Note

STUDENT REFERENCES

Because A Higher Note LLC provides lessons in a home studio environment, for liability purposes we require references. Please provide the contact information for three references. One reference must be a relative/family member. You may choose to include as one of your other references a music teacher or choir director with whom you worked previously (or with whom you work currently). A former employer, a good friend or a mentor are also good examples of acceptable references.

Thank you,
